Re: AirPodsTM Pro 2.0 Tips

Dear Hyperactive,

You recently contacted us to request clarification that the stock purchased by your organization of our new ComplyTM Tips for AirPodsTM Pro are Version 2 rather than the Version 1 product which launched earlier this year.

We are pleased to confirm that the inventory in your possession is the Version 2 product, and furthermore, any remaining stock for Version 1 including all raw materials used in the manufacturing process have been disposed of and eliminated from our facility.

We hope this letter provides the clarity you need for your channel partners and customers. Please let us know if you have any questions or require additional information. Thank you for your partnership with ComplyTM and we look forward to our continued efforts of providing the best products and services to your organization.

Best Regards,

Christopher S. Hudson
President – Hearing Components | ComplyTM Foam
