

Compatibility List – DrumIt Three

The following list is not exhaustive, because testing all current and legacy pads on the market would be rather time-consuming. We do promise, however, to keep this list up-to-date whenever we are able to confirm the compatibility of products we haven't tested so far. If you don't see the type or manufacturer of (one of) your pads, please do not conclude that your pad(s) won't work with the DrumIt Three. Rather, compare the technical specifications of your pads with the requirements listed in the table below. If the specs match the listed requirements, your pads may work even though they do not appear in the list of compatible products.

If in doubt, just ask your dealer or send an e-mail to:

drumit3-compatibility@2box-drums.com

Pad type	Kick	Snare/Tom	Hi-hat pad	Hi-hat controller
Specifications	Piezo (head)	Piezo (head)	Piezo (bow)/Switch (edge)	Adjustable resistor, active hall generator or switch
